

There is no such thing as a physical universe. If there were a physical universe, time and space would be real. There is no way to prove that time and space are not real, although physicists have proven it to their own satisfaction and will prove it to ours before the end of time. Meanwhile, in order to avoid the limitations of time and space, close your eyes and watch your consciousness unfold, reveal, and disclose itself, and see how UN-limited consciousness is. In speaking of this, I am not doing so in an academic way, but purely for the purpose of REVEALING to you YOUR health and YOUR supply.

Now that we have come to the place where we SEE that we are living a life, not of time and space, but AS CONSCIOUSNESS, then is not health and wealth A MATTER OF CONSCIOUSNESS? Isn't it the unfoldment of OUR OWN CONSCIOUSNESS in the FORM of health and wealth? Must not consciousness ALWAYS have a FORM?

If consciousness did not have FORM, it would be non-existent. The moment consciousness has existence, it has existence AS SOMETHING, and that something must be FORMS OF REALITY. The Reality of Being..whether of mind, body or purse..is CONSCIOUSNESS UNFOLDING AND DISCLOSING ITSELF INDIVIDUALLY, on the level of our receptivity HERE AND NOW.

Health is not a condition of body, but a condition of CONSCIOUSNESS. Wealth is not a condition of purse, but of CONSCIOUSNESS. And when you learn to close your eyes and think in terms of I AM CONSCIOUSNESS, then the thing is - "As consciousness, what am I conscious of EXPRESSING?" - and all that can come back to you is that you are conscious of CONSCIOUSNESS ITSELF IN ITS INFINITE FORM AND VARIETY. Consciousness is GOD, therefore all you are conscious of is GOD APPEARING TO YOU as a person, a place or a thing. That brings us back to that simple statement - GOD IS ALL-IN-ALL.

You know, that statement - GOD IS ALL-IN-ALL - is just too simple. We have to make it a little more difficult in order to understand the SIMPLICITY of it. But isn't it true that the statement of itself is very nearly meaningless as a statement UNTIL you begin to understand: first, that God is CONSCIOUSNESS; and second, that God is THE CONSCIOUSNESS WHICH I AM; then third, that the Consciousness which I AM MUST REVEAL ITSELF to ME in the FORMS of my ability to understand and grasp and utilize.

All that we come back to then is Consciousness unfolding, disclosing, revealing, manifesting, expressing Itself AS OUR INDIVIDUAL BEING AND AS ALL THAT APPLIES TO US..All that concerns us.

Now, Freedom in Christ means FREEDOM IN CONSCIOUSNESS..THE FREEDOM OF INFINITE CONSCIOUSNESS..THE UNDERSTANDING OF THE CONSCIOUSNESS THAT IS GOD. And when we understand that - "I AM THAT CONSCIOUSNESS" - then we understand that we are not limited..we are not bound by physical boundaries, not even those of time and space.

No; it is not enough to realize that you are not bound by the limitations of the body. We must overcome the belief of limitation of time and space. THEN we begin to understand immortality and eternality. Otherwise, immortality means only longevity, and eternality but permanence.

That is why we have, in spiritualism, mainly the belief that the Life (which
